

MAXIMUMROCKNROLL PRESENTS ROCCO PUBLISHING
BOOK YOUR OWN FUCKIN' LIFE

DO-IT-YOURSELF RESOURCE GUIDE

Well, we made it. You hold in your hands the result of hours and hours of hard work, stress, caffeine, voluntary insomnia, dedication, insanity, and a whole lot of love; both on the part of Rocco and probably everyone listed within. Why do we all do it? We certainly don't *have* to, we could quit at any given moment if we wanted to. We could quit all of this and just work, eat, and watch TV like everyone else. And a lot of people will, half the things listed in here will probably vanish within a few years. But a lot won't...why? What drives so many people to work their asses off, to the extent of becoming total maniacs, in this wacky world we call punk? Satisfaction, belonging, "fame", the desire to escape ordinary life, and just plain fun are a few of the reasons, but it all comes down to love. We love what we are doing, or at least we should. If you don't love what you're doing, then maybe you shouldn't be doing it at all.

But for the lovers...here's a bunch of others who feel the same way as you. Write 'em, call 'em, play with 'em, record 'em, and sleep in their houses. But be nice! These people don't want to be shit on anymore than you do.

Well, I'm getting tired and I'm starting to babble, so let me just leave you with these final notes: There's no way in hell we're going to do this next year, but **SOMEONE HAS TO DO IT!** It's almost a necessity, so don't let it vanish, 'cause **then** you'll be sorry! And as Robroy said last year, **PLEASE TYPE!** Please! If you don't want your listing fucked up, type! Oh yeah, don't wait until the last minute to send your entry in! Things could've gone much smoother if we had a steady amount of entries throughout the several months in which we were doing this. We know it's punk to be lazy, but be nice to whoever is doing it next year, and send them in early (I know this will never happen.)!

Love it or leave it,

Jason Mojica

I didn't know exactly what kind of hell I was going to live through when I agreed to work on this thing. It really sucked. Sitting in front of that computer for 6 hours at a stretch trying to decipher some moron's scrawled entry with a description that's way too long to fit and no area code for the phone number is not what I consider to be a rockin' good time. If you sent in a short entry, I love you. If it was two pages long, I hate you. And if you live in Florida and sent in over 100 individual postcards thinking BYOFL was going to be your own personal catalog for your distro...well, think again.

But I will say that I got a lot of laughs from this. Anarchists who can't spell anarchy, "U\$. A."s, "Canaduh"s, "I'm not cute, I'm mean, DAMNIT", but my favorite has got to be "Warning, punk!" written on the back on an entry. Thanks for the warning, it almost blew me away. And just a little advice for next year, unless that Taco Bell or Motel 8 is really special, don't send in a listing for it. Even the stupidest punk can figure out that you can eat at Taco Bell. And if there's a mistake in your entry, sorry, but I really don't want to hear about it. I'm glad this is all over, I never want to touch another computer again. "DIY or DIE!" Hee, hee, hee.

WHEW! **W**ELL, THAT'S IT FOR THIS YEAR'S LISTING. **I** DUNNO IF **I** WANT TO GO THROUGH THIS AGAIN NEXT YEAR. **P**ROBABLY BY THE TIME WE'RE THINKING ABOUT IT AGAIN, **I**'LL HAVE FORGOTTEN WHAT A LOT OF WORK THIS IS.

BESIDES THE GLITCHES THAT OCCURRED IN THE **R**OCK CO CREW'S TRANSFER FROM **I**BM TO **M**AC FORMATS, AND THE TIME LOST BECAUSE OF THAT, THE BIGGEST REASON **I** HAVE FOR NOT WANTING TO PURSUE THIS ENDEAVOR AGAIN IS THAT SO MANY PEOPLE (IN TRUE PUNK FASHION) EITHER GOT THEIR LISTINGS IN TOO LATE (THE **R**OCK CO PEOPLE SAY THERE'S AT LEAST A FULL GROCERY BAG FULL THAT DIDN'T ARRIVE IN TIME TO BE TYPED) OR NEVER QUITE GOT THEIR SHIT TOGETHER ENOUGH TO DO IT (ESPECIALLY TRUE OF 'BIG CITY' BANDS OR BANDS ON BIGGER LABELS OR BIGGER LABELS THEMSELVES--A SORT OF TESTIMONY TO THE "WE GOT IT MADE AND HAVE MOVED BEYOND ALL THIS PUNK **DIY** STUFF" ATTITUDE).

IN OTHER WORDS, IF THIS LISTING IS GOING TO REMAIN SO INCOMPLETE, THEN IT'S REALLY NOT WORTH IT TO ME TO KILL MYSELF LIKE THIS. **I**T'S NOT LIKE PEOPLE DIDN'T HAVE 5 MONTHS TO GET THEIR LISTINGS IN. **J**ASON AT **R**OCK CO SAID THAT THE GREAT BULK OF LISTINGS CAME IN DURING THE LAST 2 WEEKS. **W**HAT'S THAT ABOUT?!!

WELL, WE'LL SEE ABOUT DOING ANOTHER ONE. **I**N THE MEANTIME, IF THERE ARE ANY ORGANIZED GROUPS OUT THERE WHO WANT TO UNDERTAKE THE DATA INPUT NEXT YEAR (IF IT HAPPENS), THEN GET IN TOUCH. **Y**OU WOULD NEED A GOOD RELIABLE POOL OF TYPISTS AND ACCESS TO AT LEAST 4 SOLID COMPUTERS, PREFERABLY **M**ACS. **T**HERE IS, OF COURSE, FINANCIAL COMPENSATION FOR ALL YOUR WORK, BUT BELIEVE ME, IT IS WORK!!!

SPECIAL THANKS TO **T**IMOJHEN, **M**MARTIN, **P**PETE, **L**LALI, **T**HEMIS AND **G**EOURGE FOR JAMMING ON THIS!

SIMPLE STUDIO has made shitty heavy metal bands sound like GOD.

Imagine what we could do for YOU!

Simple Studio has recorded damn near every remotely punky band in the Greater Green Bay area, as well as a group or two of a more dubious musical nature (sorry, we gotta eat!). Slowly but surely, our swank 16-track digital facility is luring out of the area bands (Alligator Gun and Compound Red, f'r instance) up to Green Bay, but too many of you rockin' hipsters are still going to studios in Milwaukee or Madison and paying way too much for recordings engineered by people who, however well-intentioned, have no fucking clue. At Simple Studio, we're both affordable and have a fucking clue. Give us a call, hey?

101 Other Uses For *Book Your Own Fuckin' Life*

By now you probably know that *Book Your Own Fuckin' Life* is a very good source of information for those of the Punk persuasion. There are so many exciting places and interesting people for you to visit and talk to that you could easily spend all of next year traveling the country with your band (or by yourself!). Well, here are a few other uses for *BYOFL* that we thought of while putting this thing together. Now, beside a useful resource guide, you get something that will keep even the laziest punks entertained for weeks.

So here they are; the 101 other uses for *Book Your Own Fuckin' Life*...

- # 1. All you vegetarians and vegans can tour the country this summer and stop at every restaurant listed. You will eat good food every day!
- #2. Order 10,000 copies through the mail from Rocco Publishing, and then glue them together to make a cool new punk club in your city or town!
- #3. This one is for all you punks who don't have jobs, but could use a little extra cigarette money. Roll the magazine up and go door to door asking people to let you swat flies and bees for the small fee of 5 cents per fly and 10 cents per bee. You'll get that nicotine fix in no time!
- #4. Order 5,000 copies through the mail from Rocco Publishing, and then tear them up into strips. Mix some flour and water together and build a huge paper mache statue of your favorite punk idol! (ie. Ian MacKaye, Henry Rollins, Doug Ward, etc.)
- #5. This one is loads of fun. Get each of your friends to buy about 25 copies. Have everyone tape them to their bodies like suits of armor. Now you and your friends can go out in the yard and safely beat the hell out of each other with sticks!
- #'s 6-100. Make 95 origami friends who won't mind listening to you bitch about society for hours and hours.
- #101. Order 15,000 copies through the mail from Rocco Publishing, and then glue 14,999 of them together to make a great big boat. Now you and your band can go on that big overseas tour that you were planning. Use your one leftover copy of *Book Your Own Fuckin' Life* to help you get around when you finally reach those foreign lands.
